High End Systems’ Full Boar 4 is versatile enough to handle everything from a corporate show to a full stadium gig. The Full Boar 4 offers all the power of the flagship Hog 4-18, but in a more compact and affordable package, with sleek lines, raked screens, and that familiar layout.

Full Boar 4 provides two 15.6-inch multi-touch monitors and two additional video outputs. Four on-board DMX universes drive the rig, and two gigabit Ethernet ports are provided for Art-Net, sACN, and console networking. Full Boar 4 satisfies the demanding programmer, and brings the package in on budget.
