# SolaFrame 750

---

SolaFrame 750 is the newest and smallest framing fixture in the Sola Series family of automated tools.

Featuring a compact footprint but a huge feature set, SolaFrame 750 is a perfect fit for smaller to medium-sized venues, and its 11,300 lumens can easily cut through the competition. With 6°-50° zoom, rotating gobo wheel fully continuous animation and much, much more, SolaFrame 750 offers the widest array of effects currently available in a fixture of its size.

- Small footprint, powerful output
- Four full-curtain framing shutters
- 6°-50° Zoom
- Rotating Gobo Wheel
- Fully-continuous Animation Wheel
- CMY/CTO- linear color mixing
- Replaceable Color Wheel
